Subject: PSHSB Docket No. 07-132, Region 39 - 700 MHz Regional Plan Revisions

Dear Sirs:

On December 4, 2008, Region 39 held a meeting to review and approve changes to the Region 39 Plan, Frequency Allotment Appendix. These changes are being submitted for your review and approval. The Plan has been modified and revised to replace the channel allotment, Appendix G, approved by the FCC June 6, 2008.

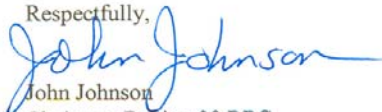

The primary reason for the proposed allotment of additional spectrum is for the nine county Regional 700 MHz P25 Trunk system that is a PSIC grant project. We also allocated spectrum to other counties where the most population growth is taking place and most likely to utilize the 700 MHz spectrum.

The December 4th meeting had 25 in attendance. The meeting was open to the public. Meeting notices were distributed by the Region 39 700 MHz email list, Public Notice by the FCC, announcement in the APCO's e-newsletter Member Minutes as well as Mission Critical's electronic e-newsletter. The Region 39 membership approved the proposed changes and the Plan was then sent to the adjacent Regions for their Concurrence. Letters of Concurrence have been received from all eleven adjacent Regions.

There were two significant changes to Appendix G of the Plan. First, we changed how the spectrum is displayed. We changed from showing the spectrum in 25 KHz blocks and now show the allocations in 12.5 KHz blocks since most systems are going in utilizing 12.5 KHz channel centers. This should help the vendors to properly implement the systems. The second change is adding additional spectrum to many counties across Region 39 that want to implement 700 MHz system or where the population growth has increased since the original Plan was approved.

It is our hope that this Plan modification will meet your approval and allow public safety agencies in Tennessee access to this much needed spectrum and to complete the PSIC grant project. If you have any questions, please contact me at (615) 741 – 3826.

Respectfully,

John Johnson
Chairman Region 39 RPC

03/18/09

Dear John,

As Chairman and on behalf of Region 10, 700MHz Regional Planning Committee, I am sending this letter of concurrence regarding the recent changes to Region 39, Tennessee, 700MHz Plan. Region 39 agrees to allow us to review any FCC applications that affects our Region, prior to the application being submitted to the FCC and will respond in a timely manner, as set forth in our Dispute Resolution.

Region 10 looks forward to the continuing support and cooperation that your region has shown in improving public safety communications.

Sincerely,

A handwritten signature in black ink that reads "Jim Mollohan". The signature is written in a cursive, flowing style.
