Re: NPSPAC Region 49 Communications Plan amendment

Gentlemen:

On June 10, 1994, the Region 49 Review Committee met in Austin, Texas, and unanimously voted to amend the Public Safety Radio Communications Plan for Region 49 as follows:

1. Increase committee size from five to nine members;
2. Establish two-year terms of membership;
3. Stagger expiration of members' terms in alternate years; and
4. Provide for a frequency application form to be prescribed by the committee.

Attached are copies of the affected pages from the original Region 49 plan and pages reflecting these amendments.

We do not believe these amendments significantly change the region plan, and request your prompt review and acceptance.

Respectfully,

A handwritten signature in cursive script, appearing to read "Ronald G. Mayworm".

Ronald G. Mayworm
Communications Supervisor
Chairman, Region 49 Review Committee

government licensee to increase channel requirements to account for up to a 2 percent increase in mobile units, provided that written documentation from Federal agencies supports at least that number of increased units.

REGIONAL REVIEW COMMITTEE

Upon approval of this Plan by the Federal Communications Commission, a Region Review Committee will be established for the review of applications which do not fall within the stated guidelines provided for in this plan, or for the settlement of disputes concerning this plan and/or its application.

This committee shall consist of a City of Austin representative, a Travis County representative, a Regional Council of Governments representative, the Chairman of the Regional Planning Committee, and a member jointly appointed by the Texas Department of Public Safety and the Texas State Highway Department. Its composition will be ensured by the Texas Chapter of APCO. Membership on this committee will be solicited on an annual basis. Since this committee will probably not have regular business, it will be up to the Regional Review Committee Chairman to notify the committee of problems or conflicts. Each member of the committee shall be furnished a copy of this plan upon their appointment or election to the committee.

Plan updates shall be accomplished by this committee. All changes or updates to the plan shall be first agreed upon by this committee and then submitted to the FCC for their review and consideration. When approved all changes shall be added to the plan with the appropriate documentation of approval.

government licensee to increase channel requirements to account for up to a 2 percent increase in mobile units, provided that written documentation from Federal agencies supports at least that number of increased units.

REGIONAL REVIEW COMMITTEE

Upon approval of this Plan by the Federal Communications Commission, a Region Review Committee will be established for the review of applications which do not fall within the stated guidelines provided for in this plan, or for the settlement of disputes concerning this plan and/or its application.

This committee shall consist of one representative each from the Texas Department of Public Safety, The Texas Department of Transportation, the Capital Area Council of Governments, Brazos County, McLennan County, Travis County, Williamson County, the City of Austin, and the Chairman of the Regional Planning Committee who shall also chair the Region Review Committee. Membership shall be for two (2) year terms, with the following members terms beginning on January 1st of even numbered years: representatives from the Texas Department of Public Safety, The Capital Area Council of Governments, McLennan County, and Williamson County. The following members terms will begin January 1st of odd numbered years: representatives from the Texas Department of Transportation, Brazos County, Travis County, and the City of Austin. Since this committee will probably not have regular business, it will be up to the Regional Review Committee Chairman to notify the committee of problems or conflicts. Each member of the committee shall be furnished a copy of this plan upon their appointment or election to the committee.

Plan updates shall be accomplished by this committee.

All changes or updates to the plan shall be first agreed upon by this committee and then submitted to the FCC for their review and consideration. When approved all changes shall be added to the plan with the appropriate documentation of approval.
